

Software Defect & Static UI/UX Audit Report

Project Name: E-Commerce Web Application Design Audit

Prepared By: Bemnet Merete

Target Application: AddisSoftware QA Test Task (Figma Mockups)

Date: August 29, 2026

Document Status: Final Assessment

Executive Summary

This report documents the findings from a comprehensive static testing and UI/UX design audit of the mock e-commerce shopping application. The testing scope covered 8 core screens: Login, Product Listing, Product Details, Cart, Checkout Information, Receipt, Confirmation, and Wishlist.

A total of **20 defects** were identified, categorized, and documented. These include critical business logic errors (incorrect checkout math, price inflation), high-severity UX blockers (duplicate primary action buttons, null data rendering, currency mismatch), and low-to-medium visual/copy bugs.

Defect Breakdown by Severity

- **Critical:** 2
- **High / Major:** 6
- **Medium:** 4
- **Low:** 8

Detailed Defect Reports

1. Login Module

BUG_001: Incorrect Placeholder Text in Username Field

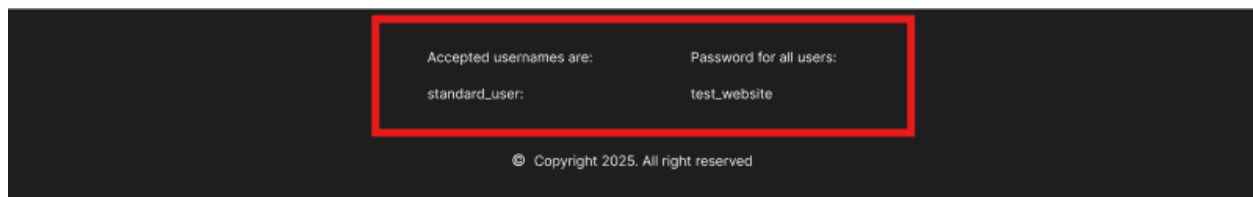

- **Screen / Location:** Login Page
- **Severity:** Low | **Priority:** Medium

- **Steps to Reproduce:**
 1. Open the Login screen mockup.
 2. Inspect the placeholder text inside the Username input field.
- **Expected Result:** Placeholder text should read "Enter your username".
- **Actual Result:** Placeholder text reads "Enter your password".

The image shows a login form with two input fields and a button. The top input field is labeled 'Username' and contains the placeholder text 'Enter your password'. This field is highlighted with a red rectangular border. Below it is a 'Password' input field with the placeholder text 'Enter your password' and an eye icon on the right. At the bottom is a teal 'Login' button.

BUG_002: Plaintext Credentials Exposed in Public Footer

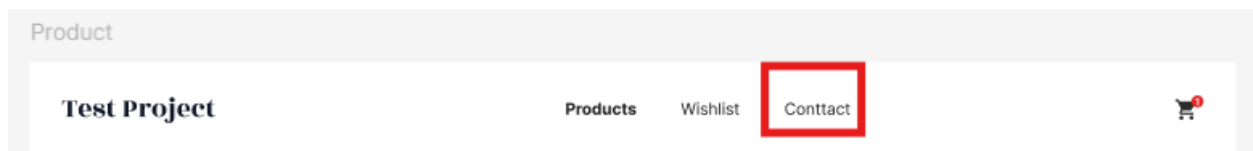

- **Screen / Location:** Login Page
- **Severity:** Medium | **Priority:** Medium
- **Steps to Reproduce:**
 1. Open the Login screen mockup.
 2. Scroll down to the bottom dark footer section.
 3. Inspect text under Accepted usernames: and Password for all users:.
- **Expected Result:** Public production footers should not expose account test credentials.
- **Actual Result:** Plaintext credentials (standard_user: and test_website) are displayed in the footer.

2. Product Listing Module

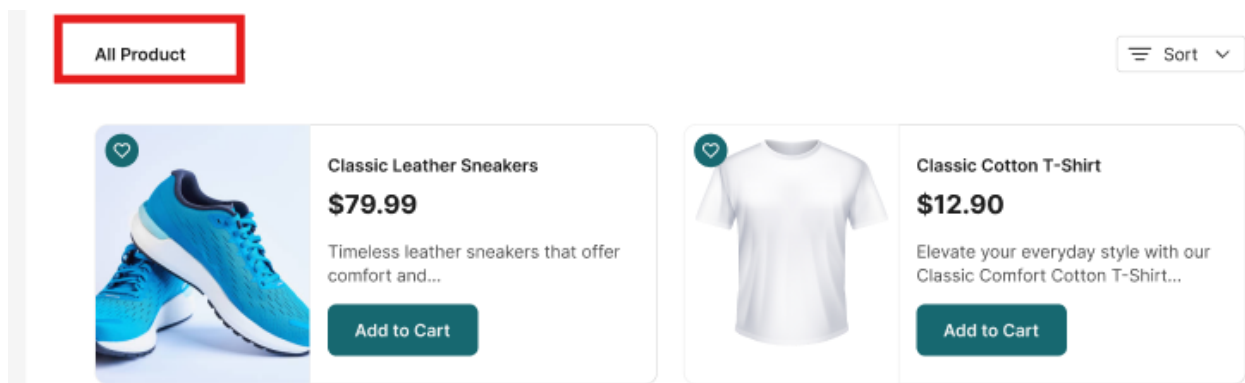

BUG_003: Navigation Header Link Misspelling ("Conttact")

- **Screen / Location:** Product Listing (Header Navigation Bar)
- **Severity:** Low | **Priority:** Low
- **Steps to Reproduce:**
 1. Navigate to the main Product Listing page.
 2. Inspect the navigation bar at the top right next to **Products** and **Wishlist**.
- **Expected Result:** Navigation link should be spelled "**Contact**".
- **Actual Result:** Navigation link is misspelled as "**Conttact**".

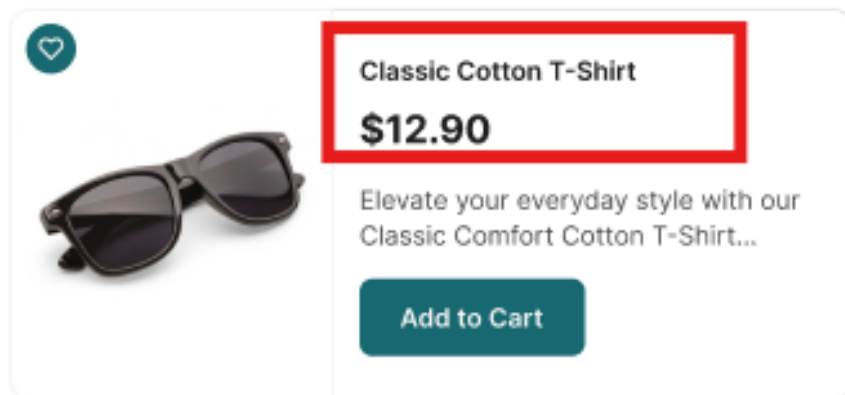

BUG_004: Incorrect Singular Form in Section Heading ("All Product")

- **Screen / Location:** Product Listing Page
- **Severity:** Low | **Priority:** Low
- **Steps to Reproduce:**
 1. Navigate to the main Product Listing page.
 2. Observe the main section header located above the product grid.
- **Expected Result:** Section header should read "**All Products**".
- **Actual Result:** Section header reads "**All Product**".

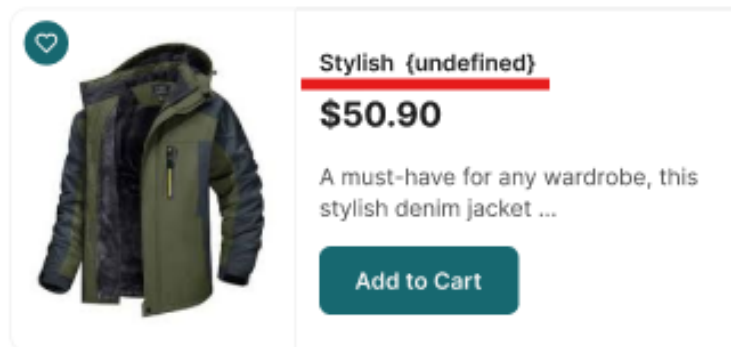

BUG_005: Product Data Mismatch for Sunglasses Card

- **Screen / Location:** Product Listing Page (Row 2, Column 1)
- **Severity:** Major | **Priority:** High
- **Steps to Reproduce:**
 1. Navigate to the main Product Listing page.
 2. Locate the product card displaying sunglasses.
- **Expected Result:** Card should feature an appropriate sunglasses title (e.g., "Classic Sunglasses") and matching price.
- **Actual Result:** Card displays an image of sunglasses but uses the title "Classic Cotton T-Shirt" and price \$12.90.

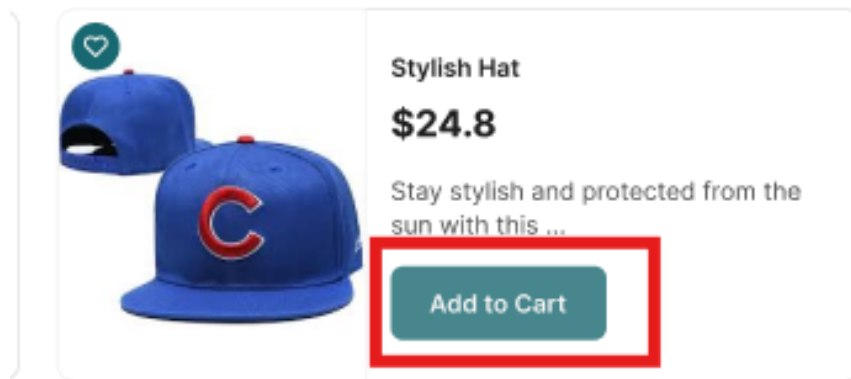

BUG_006: Unparsed Syntax Variable String in Product Title

- **Screen / Location:** Product Listing Page (Row 3, Column 1)
- **Severity:** Medium | **Priority:** High
- **Steps to Reproduce:**
 1. Navigate to the main Product Listing page.
 2. Locate the product card featuring the green jacket.
- **Expected Result:** Product title should render parsed text ("Stylish Jacket").
- **Actual Result:** Product title displays unparsed syntax: "Stylish {undefined}".

- **Screen / Location:** Cart Page
- **Severity:** High | **Priority:** High
- **Steps to Reproduce:**
 1. Navigate to Cart page containing "Classic Comfort Cotton T-Shirt".
 2. Inspect item price text under description.
- **Expected Result:** Valid item price (\$12.90) should display.
- **Actual Result:** Price renders as \$null.

5. Checkout Information Module

BUG_012: Password Visibility Toggle Icon Displayed on Last Name Input Field

- **Screen / Location:** Checkout Information Page
- **Severity:** Low | **Priority:** Medium
- **Steps to Reproduce:**
 1. Navigate to Checkout: Your Information page.
 2. Inspect input fields.
- **Expected Result:** Standard plain-text input fields should not render password eye toggle icons.
- **Actual Result:** Last Name field features a password eye icon.

Last Name

BUG_013: Duplicate "Cancel" Button Labels on Primary Action Button

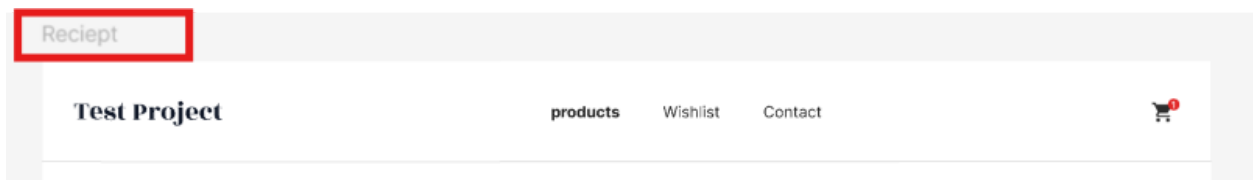

- **Screen / Location:** Checkout Information Page
- **Severity:** High | **Priority:** High
- **Steps to Reproduce:**
 1. Navigate to Checkout Information page.
 2. Inspect form action buttons at bottom.
- **Expected Result:** Form should present one "Cancel" button and one primary submit button (e.g., "Continue").
- **Actual Result:** Both secondary outline and primary filled CTA buttons are labeled "Cancel".

6. Receipt Module

BUG_014: Spelling Error in Screen Frame Label ("Reciept")

- **Screen / Location:** Receipt Page Frame Header
